EMPLOYMENT

Nov 2025 – Present

Microsoft 365 Administrator

Alterna, Rome

- Microsoft 365 environment administration in digital transformation projects, focused on governance, security and modern workplace.
- Design and execution of cross-tenant migrations using Quest On Demand Migration (ODM).
- Support for Google Workspace to Microsoft 365 migration projects in enterprise environments.

Jan 2022 – Nov 2025

Managed Cloud & Security Services Specialist

AGIC, Rome

- Second-level technical support on Microsoft 365 and Azure: troubleshooting, incident management and proactive assistance.
- Assessments of Microsoft 365 Enterprise environments: identity, conditional access, IAM, security policies, device management and compliance.
- Power BI dashboards for Microsoft 365 service monitoring and reporting.
- Design and execution of migrations from Google Workspace to Exchange Online using Microsoft Migration Tool and BitTitan MigrationWiz.
- Training for end users and administrators on Teams, Outlook, SharePoint, OneDrive and Exchange Online.
- Mail flow management in Exchange Online: connectors, mail flow rules, SMTP relay and message trace.
- Microsoft 365 tenant provisioning, DNS configuration, user and license management for SMBs.

Jun 2021 – Jan 2022

Managed Services Specialist

Vetrya spa, Orvieto

- Second-level customer support on Azure and Microsoft 365.
- Proactive solutions based on best practices for cloud environment management.
- Technical documentation and user guides to support cloud services adoption.
